

main.NoteListener

```
graph BT; main.OSC --|> main.NoteListener
```

A UML class diagram illustrating inheritance. The class 'main.OSC' is shown as a white rectangle with a black border at the bottom. The class 'main.NoteListener' is shown as a gray rectangle with a black border at the top. A solid blue arrow points from the top of 'main.OSC' to the bottom of 'main.NoteListener', indicating that 'main.OSC' inherits from 'main.NoteListener'.
